School Council Elections

There are **three** parent representative positions open for the upcoming elections; self-nomination forms and other council information will be available at the office from this Monday 10 February. Key dates are as follows:

- **Closing date for Nominations: Monday 17 February at 4.00pm;**
- List of eligible candidates will be posted via a Compass Newsfeed by **Wednesday 19 February** or, if there are not enough candidates nominated, a second callout will occur;
- Ballot papers will be prepared and distributed (if required) on **Wednesday 26 February;**
- Close of Ballot (if required): **Wednesday 5 March**. If an election is required, more detailed information about the process and candidates' requirements will be distributed to the school community;
- First meeting of the new School Council will be **Thursday 27 March at 7.00pm**.

For details about the role of School Council, see 'Fact Sheet 1: School Council Elections – Information for Parents' on page 5, or contact me if you have specific questions.

Wellbeing Safety Networks

An integral part of the Start-Up Program is where students create a helping hand to identify five adults at school they feel comfortable approaching if they need support. Today, students moved throughout the school to locate their five safety people, strengthening the connection with their support people, and ensuring they know where to find one of them in a time of need. Your child/ren will bring home a copy of their helping hands for conversations now, and reminders in the future of those special adults at school who will always be there to help.

Queries and Concerns

On occasion, parents need to contact the school regarding their child's needs, or an incident at school, which is part of the open communication needed between home and school. General steps for such time are:

- For child centred matters, you should always start with the grade teacher, as they are the best person to deal with your query/concern, or 'triage' your issue to the best staff member who can help you further.
- When an issue is complicated, or the initial meeting does not end in a mutually agreed resolution, a member of the Leadership Team could get involved-: Emma Heywood, Xenia Matani, Lisa McLeish and me.
- For more general queries about whole school initiatives or operational matters, please make contact with either Emma (our Assistant Principal) or me directly.

For all matters, it is always important to keep an open mind and remember there are often varying perspectives to any given issue. Approaching every query/concern with the children's best interest at heart is the way we can work together to then usually reach a positive outcome.

School Council Elections:

Appendix A

Fact sheet 1: school council elections – information for parents

What is a school council and what does it do?

All government schools in Victoria have a school council. They are legally constituted bodies that are given powers to set the broad direction of a school, in accordance with Ministerial Order 1280 Constitution of Government School Councils, and the *Education and Training Reform Act 2006*. In doing this, a school council may directly influence the quality of education for students.

Who is on the school council?

For most primary school councils, there are several possible categories of membership:

- **A mandated elected parent member category** – members of this category generally comprise more than one third of the council's total membership. Department employees can be parent members at their child's school providing that they are not engaged in work at the school.
- **A mandated elected school employee member category** – members of this category make up no more than one-third of membership. The principal of the school is automatically one of these members.
- **An optional community member category** – members are co-opted by a decision of the council because of their special skills, interests or experience. Department employees are not eligible to be community members.
- A small number of school councils have nominee members.

For all schools with a Year 7 and above cohort, there is an additional category of membership:

- **A mandated elected student member category, two positions.**

Generally, the term of office for all members is two years. The term of office of half the members expires each year, creating vacancies for the annual school council elections.

Why is parent membership so important?

Parents on school councils provide important viewpoints and have valuable skills and a range of experiences and knowledge that can help inform and shape the direction of the school.

Those parents who become active on a school council find their involvement satisfying and may also find that their children feel a greater sense of belonging.

Do I need special experience to be on school council?

Each member brings their own valuable skills and knowledge to the role, however, in order to successfully perform their duties, councillors may need to gain some new skills and knowledge.

It is important to have an interest in your child's school and the desire to work in partnership with others to help shape the school's future.

Code of conduct for school councillors

School councils in Victoria are public entities as defined by the *Public Administration Act 2004*.

School councillors must comply with the Code of Conduct for Directors of Victorian Public Entities issued by the Victorian Public Sector Commission. The Code of Conduct is based on the Victorian public sector values and requires councillors to:

- **act with honesty and integrity** – be truthful, open and clear about their motives and declare any real, potential or perceived conflict of interest and duty
- **act in good faith in the best interests of the school** – work cooperatively with other councillors and the school community, be reasonable, and make all decisions with the best interests of students foremost in their minds
- **act fairly and impartially** – consider all relevant facts of an issue before making a decision, seek to have a balanced view, never give special treatment to a person or group and never act from self-interest
- **use information appropriately** – respect confidentiality and use information for the purpose for which it was made available
- **exercise due care, diligence and skill** – accept responsibility for decisions and do what is best for the school

- **use the position appropriately** – not use the position as a councillor to gain an advantage
- **act in a financially responsible manner** – observe all the above principles when making financial decisions
- **comply with relevant legislation and policies** – know what legislation and policies are relevant for which decisions and obey the law
- **demonstrate leadership and stewardship** – set a good example, encourage a culture of accountability, manage risks effectively, exercise care and responsibility to keep the school strong and sustainable.

Indemnity for school council members

School councillors are indemnified against any liability in respect of any loss or damage suffered by the council or any other person in respect of anything necessarily or reasonably done, or omitted to be done by the councillor in good faith in:

the exercise of a power or the performance of a function of a councillor, or

the reasonable belief that the act or omission was in the exercise of a power or the performance of a function of a council.

In other words, school councillors are not legally liable for any loss or damage suffered by council or others as a result of reasonable actions taken in good faith.

How can you become involved?

By participating in, and voting in the school council elections, which are held in Term 1 each year. However, ballots are only held if more people nominate as candidates than there are positions vacant.

In view of this, you might consider:

- standing for election as a member of the school council
- encouraging another person to stand for election.

What do you need to do to stand for election?

The principal will issue a Notice of Election and Call for Nominations in Term 1 of each year. Council elections must be completed by 31 March, unless varied by the Minister for Education.

If you stand for election, you can arrange for someone to nominate you as a candidate or, you can nominate yourself in the parent member category. You can only be nominated by another member of the same category that you are eligible for (e.g. a member of the parent electorate may only nominate another parent of that electorate).

Department employees with a child enrolled at a school where they are not engaged in work, are eligible to nominate for parent membership at that school.

Return your completed nomination form to the principal within the time stated on the Notice of Election. You will receive a Nomination Form Receipt via post, email or by hand delivery.

Generally, if there are more nominations than vacancies a ballot will be conducted in the two weeks after the call for nominations has closed.

Remember

- Consider standing for election to school council.
- Ask the principal for instructions if you are not sure what to do.
- Be sure to vote if the election goes to ballot.
- Contact the principal if you are unsure about what is required at any stage of the election process.

GOING ON A HOLIDAY? UPDATE COMPASS IN ADVANCE!

If you have a planned holiday coming up during term time, don't forget to enter your child's absence on Compass **before** you leave, especially if you are travelling outside of Australia as the Compass app is inaccessible from most overseas locations.

The start and end date of an attendance note can be edited to cover the duration of your trip so that you don't need to create multiple entries.

School staff are required to follow up on consecutive unexplained absences, so adding a reason onto Compass in advance ensures no follow up is needed.

Thanks in advance for your help!
